

**COURSE CATALOG –CYCLE 1**  
**FRENCH PHYSIOTHERAPY TRAINING**  
**Order dated 02 September 2015**

	<b>COURSE UNITS (CU)</b>	<b>CU</b>	<b>ECTS</b>
Fundamental learning	Public Health	1	5
	Human sciences and social sciences	2	6
	Biomedical sciences	3	12
	Life sciences & movement (anatomy, physiology, kinesiology)	4	20
	Symptomatology, physiopathology and pathology in musculo-skeletal field 1.	5	6
Engineering in physiotherapy	Theories, models, methods and tools in physiotherapy	6	8
	Evaluation, techniques and intervention tools in the main fields of activity1	7	28
Learning & development	Methods of work and methods of research	8	4
	Professional English language	9	4
	Approach and clinical practice: development of professional reasoning and reflexive analysis	10	5
	Training in practical physiotherapy Internship – semester 1	11.1	2
	Training in practical physiotherapy Internship – semester 2	11.2	4
	Training in practical physiotherapy Internship – semester 3	11.3	6
	Training in practical physiotherapy Internship – semester 4	11.4	6
	Optional 1	12	2
	Optional 2	13	2
	<b>TOTAL</b>		<b>120</b>

**COURSE CATALOG –CYCLE 2**  
**FRENCH PHYSIOTHERAPY TRAINING**  
**Order dated 02 September 2015**

	TEACHING UNITS	UE	ECTS
Fundamental learning	Law, legislation management of an organization	14	6
	Symptomatology, physiopathology and pathology in musculo-skeletal field 2	15	6
	Symptomatology, physiopathology and pathology in neuromuscular field	16	7
	Semiology, physiopathology, and pathology in respiratory cardio-vascular, internal and regulatory fields	17	5
	Physiology, semiology, physiopathology and specific pathology	18	6
Sciences & engineering in physiotherapy	CU19. Evaluation techniques and intervention tools in musculo-skeletal field 2	19	7
	CU20.Evaluation techniques and intervention tools in neuromuscular field 2	20	5
	CU21. Evaluations, techniques and tools for intervention in respiratory-cardio-vascular, internal and in tegumentary fields 2 5	21	5
	Theories, models, methods and readaptation tools	22	4
	CU23. Interventions specific to physiotherapy	23	8
	CU24. Physiotherapy interventions in public health	24	5
Development & professionalization	CU25. Clinical approach and practice: design of the treatment and intervention	25	4
	Professional English language	26	4
	Work, methods and physiotherapy research	27	6
	Diploma thesis	28	8
	Analysis and improvement of professional practice	29	4
	Training in practical physiotherapy : Internship – semester 5	30.1	6
	Training in practical physiotherapy - Internship – semester 6	30.2	6
	Training in practical physiotherapy - Internship – Clinicat	30.3	12
	Optional 3	31	2
	Optional 4	32	4
	<b>TOTAL</b>		<b>120</b>
